FEDERATION INTERNATIONALE DES LUTTES ASSOCIEES
INTERNATIONAL FEDERATION OF ASSOCIATED WRESTLING STYLES

GENERAL CONSIDERATIONS

Pursuant to article 34 of the FILA Constitution which states:

- a) No participant in any competition may represent a nation or be part of its national team if he/she has not the nationality of the country concerned.
- b) A wrestler resident abroad may not participate in any competitions run by the National Federation of the country he/she lives in or by an affiliated association unless he/she has an official authorisation from the National Federation of his/her country of origin. However a wrestler who has been living and working abroad for one year minimum may participate in competitions organized by the National Federation or an affiliated club of the country where he/she lives.
- c) In the event of a dual nationality, the participation in international competitions, Championships, Cups and tournaments between National Federations may only be opened to one unique nationality which shall be chosen once and for all by the wrestler.
- d) The participation of a foreign resident wrestler in national championships is governed by the National Federation concerned.
- e) A wrestler who has changed his/her nationality may only participate in international championships for his/her new country after a two years period as from the last international championship he/she has taken part in under his/her former nationality.
- f) A wrestler who has obtained a new nationality by marriage is not bound to a two years period.
- g) A wrestler having obtained his/her new nationality and his/her new passport may participate in international tournament with the team of his/her new country.

TITLE I - FIELD OF APPLICATION

Article 1

Every wrestler has the right to compete in any country of the world, as long as he complies with the FILA General Regulations, Constitution and Regulations and the relevant documents of the National Federation concerned.

Article 2

The FILA International Regulations for the Transfer of Wrestlers apply to all wrestlers of the National Federations affiliated to the FILA who are called to strengthen teams of another country.

TITLE II - COMPETENCE

For Europe, the organisation of the transfers of wrestlers and the payment of the transfer fees has been delegated, at will, by FILA to the European Committee (CELA).

For the other continents, the FILA organises the transfers of wrestlers and therefore shall receive the requests as well as the payment of the transfer fees; FILA shall issue the permission for transfer. However the Continental Councils shall support FILA to ensure the monitoring of the transfers of wrestler on their territory.

FEDERATION INTERNATIONALE DES LUTTES ASSOCIEES
INTERNATIONAL FEDERATION OF ASSOCIATED WRESTLING STYLES

The parties involved in an international transfer are:

- a) The applying wrestler
- b) The club where the concerned wrestler is licensed
- c) The national Federation of the concerned wrestler
- d) The applying club which receives the "foreign" wrestler
- e) The Federation of the club requesting a "foreign" wrestler

Article 3

The transfer of wrestler on a national scale is done in conformity with the relevant National Federation's Regulations which are in accordance with the FILA regulations.

Article 4

The FILA International Regulations for the Transfer of wrestlers between clubs applies to senior and junior level wrestlers only.

Article 5

On a National scale, the National Federation draws up the status of its wrestlers. However any wrestler called to strengthen a foreign club is considered as an international level wrestler and as such must have the FILA licence validated by the stamp of the current year.

Article 6

The international transfers of wrestlers between clubs are made under FILA's responsibility and competence. FILA is free to delegate its authority to a Continental Council for the wrestlers competing in the continent concerned. The Continental Councils in charge of the follow up of the international transfers by the FILA Bureau are responsible for the correct application of the transfer procedures in accordance with the FILA's International Regulations for the Transfer of Wrestlers.

Article 7

The International transfers of wrestlers between clubs that are not recorded by the FILA or the relevant Continental Councils are not valid. The wrestlers, clubs and National Federations that carry out transfers without FILA's or the relevant Continental Council's approval will face disciplinary and financial sanctions in accordance with the FILA Regulations.

Article 8

The validity, realisation and violation of any type of international transfer contract will be managed by the Continental Council. The contractual legal disputes conducted in first instance by the Continental Council that received the transfer and the Continental Council of the National Federation of the club of transferred wrestler will submit the case the FILA's Executive Committee which may request additional investigation before taking the final decision.

INTERNATIONAL FEDERATION OF ASSOCIATED WRESTLING STYLES

TITLE III - DEFINITION

Article 9

A "foreign" wrestler is the competitor whose status is legally defined in the country of his nationality, who possesses the FILA licence and the licence of his/her National Federation and who has received an agreement of transfer to strengthen a foreign club of another Federation, in complete conformity with the present Regulations (except special cases which will be examined at the moment of the application for transfer).

Article 10

A wrestler's nationality is verified by official proof of nationality and through the wrestler's passport.

Article 11

A "foreign" wrestler can only participate in club competitions within the frame of national championships and international inter-clubs meetings.

The participation in individual national championships is governed by the Regulations of the National Federation concerned.

Article 12

The national licence is the essential authorisation issued by the National Federation of the wrestler concerned which allows him/her to compete for another club in the same country or for a club of a foreign National Federation (this provision does not apply to the wrestler living abroad for more than a year).

The FILA licence is the necessary authorisation which allows a wrestler to participate in international club competitions in accordance with the FILA Constitution and the present regulations.

The National Federation of the club where a wrestler is transferred for club competitions issues its own licence which validity is provided by its own Constitution.

The National Federation shall not grant its licence to the foreign wrestler before receiving the official letter of release from the National Federation to which the wrestler was previously licensed and before the conditions of transfer outlined in the present regulations have been fulfilled (this provision does not apply to the wrestler living abroad for more than a year).

A wrestler can only be transferred as reinforcement for interclub events to one foreign club per year. He/she is not able to wrestle for his/her original club or for another club in the same event during the period of his transfer.

During the contractual period of transfer the reinforcement wrestler is entitled to participate in all the competitions of the his/her National Federation's calendar, other than the competition for which he/she has received the transfer certificate.

FEDERATION INTERNATIONALE DES LUTTES ASSOCIEES
INTERNATIONAL FEDERATION OF ASSOCIATED WRESTLING STYLES

TITLE IV - STATUS OF THE WRESTLER

Article 13

A wrestler who possesses his National Federation's licence and the FILA licence with the right to participate in club events of another National Federation as "reinforcement" has the right to wrestle for his original club for events other than those for which he is called to reinforce the foreign club. However, he can participate in local club competitions where he has been transferred in respect of these Regulations.

A "foreign" wrestler cannot be part of a national team nor represent the country where he/she lives provisionally (through his transfer) and of which he/she has not got the nationality and he/she will therefore only be able to participate in FILA Championships under his/her own nationality. The transfer agreement only gives him/her the right to participate in national and international club events. His/her participation in national Championships is of the competence of the relevant National Federation.

Article 14

A wrestler who possesses a licence may receive a compensatory indemnity from the National Federation or club with a view to his economic stability, social or sporting promotion.

He may receive special prizes, only through the National Federation or the club for having achieved exceptional results.

A wrestler who has a special status (first part of this article) must conform to the internal Regulations of his National Federation or club with whom he signs a special contract which stipulates the parties' mutual obligations.

A "foreign" wrestler signs a contract with his new club under the conditions laid down in the FILA International Regulations for the Transfer of Wrestlers.

The FILA or possibly the Continental Council have the possibility to require, at any time, from the Federation and from the new club, copy of the agreement reached between the wrestler and his new club.

Article 15

A wrestler bound to his original club by contract in the framework of his legally recognised National Federation, or bound by contract to a club as transferred "foreign" wrestler, will be free for a new transfer after the expiry of the said contract.

Article 16

A wrestler bound by contract which is still valid cannot be internationally transferred. An exception can be made in the event of the two interested parties agreeing to terminate the contract.

FEDERATION INTERNATIONALE DES LUTTES ASSOCIEES
INTERNATIONAL FEDERATION OF ASSOCIATED WRESTLING STYLES

TITLE V - AGE OF WRESTLERS

Article 17

The international transfer between clubs does not apply to cadet age group but only to senior and junior age groups or to cadets who already participated in junior competition through special authorization.

Article 18

The Transfer Body can give an authorisation for a wrestler to be transferred for a period for a maximum of 12 months (from 1st January to 31st December of the same year). The transfer period can be lengthened by one year as many times as the requirements of the FILA International Regulations for the Transfer of Wrestlers are satisfied.

Article 19

A wrestler must return to his country and his club which agreed to transfer him once his contract runs out. If this requirement is not respected, the club and the National Federation of the wrestler concerned must inform the Transfer Body at the latest by 30th January of the current year.

Article 20

A wrestler can only be transferred if he has received authorisation from his original club and from his legally recognised and affiliated National Federation.

Article 21

A wrestler of any age category (junior or senior) who is not under any contractual obligation, who possesses the FILA licence and a national licence may sign a transfer contract with a club from a foreign National Federation with the obligatory authorisation of his original club and of his legal National Federation, even if he has no particular status within his club.

Article 22

A wrestler who is not under any contractual obligation will be able to sign a transfer contract with a foreign club under the conditions laid down in these Regulations.

Article 23

The National Federation and the club of a wrestler who requests his transfer and who fulfils all the conditions laid down in these Regulations are bound to issue an international transfer certificate (release letter).

Article 24

The National Federation of the club with which the wrestler wants to contract himself is the only body who may request the necessary international transfer certificate.

The welcoming National Federation of the "foreign" wrestler must ask the wrestler's National Federation, which possesses his/her licence, for the international transfer certificate (release letter). The same procedure is applicable when the wrestler returns to the club of his original National Federation.

If the original club or National Federation refuses to issue the international transfer certificate, the National Federation is bound to inform the party which requested it and provide its reasons for its refusal at the same time.

If, within 30 days which follow the request, an agreement has not been drawn up between the interested parties, the FILA Executive Committee will be informed and will come to a decision which cannot be appealed against.

The international transfer permission is drawn up by the Transfer Body. It is in triplicate, one copy being for FILA's archives.

The international transfer certificate must contain the date and the period of its validity. It does not have to include the financial arrangements, but only the competition conditions which are laid down in these Regulations.

The international transfer certificate will not be issued to a wrestler who is under a disciplinary suspension or in the event of other limiting circumstances.

In this case, an international transfer certificate cannot be issued until the suspension ends. Any legal dispute over whether a suspension is disciplinary or not is of the competence of the FILA Executive Committee and the FILA Sporting Judge.

TITLE VI - TRANSFER OF WRESTLERS FROM HER/HIS CLUB OF ORIGIN TO ANOTHER CLUB

Article 25

A wrestler is only free to sign a contract with a club other than his own in his country if:

- a) The contract which binds him to his club has expired or will do so in the coming six months;
or
- b) The contract which binds him to his club has been terminated by one or other of the parties for valid reasons
or
- c) The contract which binds him to his current club has been terminated by both parties by common agreement

In all of these circumstances, a wrestler is only free to sign a contract with another club if the Regulations of the National Federations of both his old and new clubs allow him to do so.

Article 26

A club which wishes to enrol a wrestler must inform his club, in writing, of their interest in him before beginning negotiations with him.

Any contact be it direct or indirect, oral or in writing, with the wrestler which violates the above requirement will lead to disciplinary consequences and the refusal of the transfer of the wrestler concerned.

FEDERATION INTERNATIONALE DES LUTTES ASSOCIEES
INTERNATIONAL FEDERATION OF ASSOCIATED WRESTLING STYLES

Article 27

The Transfer Body must cancel the validity of the transfer in the following circumstances:

- a) If evidence is made by the FILA Executive Committee that there is a violation of the transfer contract signed by the clubs and the National Federations concerned
- b) If evidence is made that documents relating to the transfer have been falsified
- c) If there is a written agreement between the wrestler, the clubs and the National Federations concerned

Article 28

The Regulations of a National Federation which govern the transfer possibilities of wrestlers from one club to another in the same National Federation do not apply to a "foreign" wrestler; his transfer can only take place with the agreement of his original National Federation and club.

Article 29

The transfer conditions of a wrestler from one club to another from a different National Federation where he wrestles as a "foreign" wrestler are laid down in the contract signed by both clubs and also by their respective National Federations.

When a wrestler possesses a FILA licence and his original club signs a contract with a new club, his original club may receive compensation for the training of the wrestler received, if the wrestler is bound by contract.

The breakdown of the international transfer compensation must conform to the Regulations of the wrestler's original National Federation.

The agreement between the two clubs must be made with the knowledge of both the relevant National Federations.

The amount of the transfer compensation is laid down in the Regulations of the National Federations concerned and is the subject of a mutual contract. The amount of the compensation depends on the international classification of the wrestler at Championships and at international tournaments and of his classification on the national scale.

Article 30

The procedure of an international transfer for a wrestler can start one day after the annual cycle of competitions for his club or country has finished.

Article 31

Before starting negotiations to enrol a "foreign" wrestler, the interested club and its National Federation must inform, in writing, the original club and National Federation of their intention. Following the signing of the contract, and if there is an agreement in writing from the wrestler, the welcoming club and the National Federation have the right to demand and receive from his current club the international transfer certificate (release letter). A copy of this request must be sent to the Continental Council.

FEDERATION INTERNATIONALE DES LUTTES ASSOCIEES
INTERNATIONAL FEDERATION OF ASSOCIATED WRESTLING STYLES

Article 32

The original club which a wrestler wishes to leave must issue the international transfer certificate (release letter) at the latest within 30 days. At the same time, the transfer conditions must be agreed, if a contract is planned by these Regulations.

Article 33

All legal disputes other than financial disagreement must be submitted to the FILA President who will relay them to the FILA Executive Committee for decision.

The delay for appealing against the decision is 30 days. Appeals are made through the relevant National Federation.

The appeal must be accompanied by a deposit of 1.000 Swiss Francs to the FILA. 50 % of this deposit will be returned in the event of the appeal being accepted.

Article 34

A "foreign" wrestler cannot be qualified in two clubs simultaneously for one season of club competitions. The transfer is not possible before the end of the annual competition cycle.

TITLE VII - AVAILABILITY OF TRANSFERRED WRESTLERS FOR THEIR NATIONAL FEDERATIONS REPRESENTATION MATCHES

Article 35

On the national scale, it is only the National Federation which can determine which wrestlers can be transferred in order to participate in club competitions. In any event, they are bound by the procedures and conditions of the international transfer of wrestlers.

Article 36

A club having signed a contract with a "foreign" wrestler must make this wrestler available to his original National Federation if it selects him to represent it in one of its teams.

Making wrestlers available in such a manner is obligatory for the following competitions:

- a) maximum eight international matches per year
- b) and the World Cup, World and Continental Championships, Olympic Games and Regional Games

Availability must include a preparation period, which is defined as follows:

- a) for an friendly international match: 48 hours
- b) for World Cups, World Championships and Continental Championships: 15 days
- c) for Olympic Games and Regional Games: one month

In any event, the wrestler must arrive at the venue on the date laid down by his original National Federation at least 48 hours before the beginning of the competition or the training session.

Clubs and National Federations concerned may, in the event of friendly international matches, agree a more rigid or more flexible arrangement. In the event of World Cups, World Championships, Continental Championships, Olympic Games and Regional Games, they may only agree a longer availability plan. If such agreements are in place when the wrestler is transferred, they must be included in the international transfer certificate.

Article 37

A club which makes one of its wrestlers available according to the requirement of article 36 above does not have the right to any financial reimbursement. Indemnities can, however, be agreed for a longer period of availability and under certain conditions, which are defined in the contract.

The National Federation which demands the return of its wrestler must pay his transport and insurance expenses involved.

Article 38

Any wrestler affiliated to a club is bound to reply favourably to a demand from his original National Federation concerning representing it in a squad.

Article 39

A wrestler who cannot fulfil the demands of his original National Federation because of injury or illness can, at the request of this National Federation, undergo a medical examination carried out by a doctor, chosen by the National Federation.

Any club which, in violation of the requirements above, refuses to make a wrestler available although he is regularly called on by his National Federation and is able to wrestle, may be punished by the sanctions provided for in the FILA Disciplinary Regulations.

Article 40

A wrestler who has been asked to represent his original National Federation in one of its teams may in no event compete with his new club during the time mentioned in article 36 lasts or should have lasted. This ban on competing is lengthened by 15 days if the wrestler did not reply for any reasons to the application which was made for him.

Article 41

The National Federation having requested the availability of a wrestler must provide him with health and accident insurance during the whole period concerned, if this wrestler is not already insured by FILA.

In addition, are also applicable to the wrestler the same insurance conditions as those applied by the National Federation to wrestlers placed at its disposal by clubs of its own country.

FEDERATION INTERNATIONALE DES LUTTES ASSOCIEES
INTERNATIONAL FEDERATION OF ASSOCIATED WRESTLING STYLES

TITLE VIII - ADMINISTRATION OF TRANSFERS OF INTERNATIONAL WRESTLERS

Article 42

The procedure of internationally transferring wrestlers as well as the sanctions which can be taken if these Regulations are not followed is of the competence of FILA and the Continental Councils.

When a wrestler is transferred from one continent to another, the administration and the sanctions of the transfer are carried out by the FILA and the Continental Council under the jurisdiction of the welcoming club and National Federation.

Article 43

In order to allow the international transfer of a wrestler, the FILA or the appointed Continental Council must have:

- a) The request in writing of the wrestler in question indicating his nationality, age, club, National Federation, sporting results on the national and international level, as well as the name of the club and the National Federation where he wants to be transferred to. Two photos of the wrestler must be included with this request.
- b) A copy of the wrestler's passport proving his nationality and his age.
- c) An international transfer certificate issued to the wrestler by his original club and National Federation, indicating his name, nationality, age, **sporting results on the national and international level**, as well as the name of the club and the National Federation where the wrestler is authorised to be transferred to.
- d) A transfer fee, according to the table below, must be paid to the FILA or to the Continental Council (if FILA has delegated his competence to the Continental Council concerned) by the National Federation.

Article 44

When the FILA or the appointed Continental Council confirms that all the documents are in order, it will issue a one year long transfer permit to the wrestler concerned (from 1st January to 31st December).

Article 45

The permission of transfer is issued by the Transfer Body (FILA or the appointed Continental Council). It will be sent to the National Federation of the club reinforced by the "foreign" wrestler as soon as the "Request for Transfer", the "Permission to leave certificate" and the payment for transfer fee (according to the scale below) are duly received.

FEDERATION INTERNATIONALE DES LUTTES ASSOCIEES
INTERNATIONAL FEDERATION OF ASSOCIATED WRESTLING STYLES

- for a wrestler who has won a medal at the Olympic Games or senior World Championship: 2.000 Swiss Francs
- for a wrestler who has won a medal at Continental Championships: 1.500 Swiss Francs
- for a wrestler who has won a medal at junior World Championships: 1.200 Swiss Francs
- for an international level wrestler: 1.000 Swiss Francs
- for a national level wrestler: 500 Swiss francs

25 % (twenty five per cent) of the amount of the above fees will be reimbursed to the Federation of origin of the wrestler concerned as a compensation for training expenses. The balance will be transferred to a special fund meant to finance the creation and running of regional centres and the running of the Continental Councils.

Article 46

Any wrestler having received the transfer permit must be entered on the lists of transferred wrestlers which are drawn up by the FILA or the appointed Continental Council. These are to be made available to all the National Federations and are kept in the archives of the FILA.

TITLE IX - FINAL REQUIREMENTS

Article 47

In the event of a sanction, taken by the FILA or the Continental Committee, the appeal procedure is possible. The FILA Executive Committee presides over the first instance while the FILA Bureau presides over the procedure of the second.

In the event of a dispute, the clubs and National Federations concerned, as well as the FILA, accept the arbitration of the CAS.

Article 48

The National Federation is in charge to check that foreign wrestlers participating in competitions on its territory are in compliance with all the transfer requirements.

In the event of a violation of the FILA International Regulations for the Transfer of Wrestlers or In the event where one or several wrestlers are participating in a club competition without having obtained beforehand a transfer authorization, the National Federation will be imposed a fine up to 10.000 Swiss Francs or even will be suspended from participating in any international competition.

Article 49

All the cases not covered in these Regulations are dealt with, with no possibility of appeal, by the FILA Executive Committee.

These Regulations cancel and replace all international transfer agreements drawn up previously.

If there is disagreement on the interpretation of the present text, the French text only shall be authentic.
